## MAZDA APPROVES PRO-CUT AS PREFERRED SERVICE TOOL

West Lebanon, NH

Pro-Cut is pleased to announce approval by Mazda as the Preferred Service Tool in both the U.S. and Canada.

Mazda North American Operations is headquartered in Irvine, California, and oversees the sales, marketing, parts and customer service support of Mazda vehicles in the U.S., Canada, and Mexico through nearly 900 dealers.

"We are particularly pleased to have gained Mazda's approval, which came from a very thorough evaluation involving testing in both the U.S. and Japan. Many years back, Mazda had opted to not go with the Pro-Cut line, and their recent approval is a real validation of the new technologies and improvements we have brought to our product line," says Bruce Prince, VP Sales.
