## Peugeot Citroen Approves Pro-Cut

**PEUGEOT**

### West Lebanon, NH

After extensive evaluations **Peugeot Citroen** has approved the Pro-Cut on-car brake lathe for warranty service at their dealerships worldwide. With Peugeot Citroen's large presence in Europe and South America, the Pro-Cut rotor matching system should result in vastly improved brake performance in these markets.

The Pro-Cut lathe has been added to Peugeot Citroen's equipment catalog and is available for purchase through that program.

"This is an exciting time for Peugeot Citroen and Pro-Cut. We are looking forward to partnering with them and continuing to grow Pro-Cut's presence in Europe," said Dwight O'Hara, VP-Export.
