West Lebanon, NH

News from our friends in the UK! Discovery Channel: Wheeler Dealers use Pro-Cut!

Wheeler Dealers, an automotive car trading and mechanics show presented on the Discovery channel, recently aired an episode featuring the Pro-Cut on-car brake lathe. Edd, the mechanic on the show, discusses the setup and use of the lathe as he machines a rotor on a Porsche. Edd highlights the opportunity to save “hundreds of pounds” by extending the life of the existing discs, or rotors, by resurfacing them with an on-car lathe instead of replacing them.

Watch the show here:

Thanks to our friends Peter and John of Pro-Cut Europe for getting this to us across the pond!
