Pro-Cut Partners with Youth Automotive Training Center

West Lebanon, NH

Pro-Cut has recently partnered with the Youth Automotive Training Center in Deerfield Beach, Florida.

"The mission of the Youth Automotive Training Center is to train and educate at-risk youth in basic automotive repair skills, academic remediation, job readiness and life management skills. The goal of this program is to prepare young adults who are at a disadvantage in their lives to become self-sufficient, productive, law-abiding citizens." —YATC.org

John Czipulis and Terry Bly, two Pro-Cut Reps from Florida, recently visited YATC to train and educate staff members and students at the school. YATC's facility offers top-of-the line equipment, most of which is donated. Pro-Cut was pleased to donate a Warthog lathe to YATC's facility. The center has also agreed to partner with Pro-Cut as a national training location for the TrainSMART program.

"We are very excited about our future in working with YATC," said Cody Dodds, TrainSMART Director. "It feels great to be supporting both our own cause and a good cause."
