Pro-Cut's PFM 9.2SL On-Car Brake Lathe

## PRO-CUT ANNOUNCES PARTNERSHIP WITH MYERS TIRE SUPPLY

Myers Tire Supply, a subsidiary of Myers Industries, Inc., is the largest wholesale distributor of tools, equipment, and supplies for the tire, wheel, and under-vehicle service industry in the U.S. Through partnership with Myers, Pro-Cut gains improved access to the independent auto service market through Myers' large network of sales professionals. Through partnership with Pro-Cut, Myers gains access to the #1 selling on-car lathe on the market and a network of trained representatives positioned to support all phases of lathe ownership — from demos and training to machine maintenance and repair.

Pro-Cut International markets the Pro-Cut series of on-car brake lathes including the PFM 9.0 and PFM 9.2.
