PRO-CUT UNVEILS NEW WEBSITE

Pro-Cut International, manufacturer of the world's best-selling on-car lathe, announces the unveiling of their new website. The site has been completely reconstructed to feature current products and news, and is designed for ease and speed of navigation. Sections and features include video demos of Pro-Cut lathes; an online shop; downloadable versions of tech manuals and support publications; direct lease application for quick credit approval; OEM history section and bulletins; and an ROI worksheet to calculate profitability of a Pro-Cut lathe in a shop setting. Go to: www.procutusa.com.

Pro-Cut International markets the Pro-Cut series of on-car brake lathes including the PFM 9.0 and PFM 9.2.
