

# PFM 9.2

## VERSATILE INDUSTRY STANDARD

“ We do a tremendous amount of brake work, and my technicians liked the first one so well that I had to purchase an additional one just to keep up with the demand. I would highly recommend this investment to any service facility; it will pay for itself in no time at all! ”

Mike Frazier · Adams Motor Company, Lynchburg, VA

**BASE LATHE UNIT / Cross-Platform Compatibility**.....PFM 9.2DRO W/ 6ADP SHOWN

**The PFM 9.2DRO** is the one of the best selling on-car lathe in the world and loaded with standard features that make it simple to use, fast, and flexible! Essential or required equipment for most OEMs for extreme accuracy, this lathe will also improve shop brake service efficiency dramatically, all while improving customer satisfaction. Stop working on 21st century vehicles, with 20th century equipment!

### WITH PRO-CUT, YOU CAN...

**FIT ON EVERY VEHICLE.** We have the adapters that will connect you to almost any vehicle on the road today and the power to turn stiff all-wheel drive and truck axles. And our simple set-up is the same from sub compact to dual wheel trucks.

**MATCHED ROTORS AS A NEW REVENUE SOURCE.** Tires need to be balanced, wheels need to be aligned, and rotors need to be matched! Adding rotor matching to your service offerings adds a new revenue source.

**SERVICE ANY CAR ON ANY LIFT IN 6-8 MINUTES.** Two post, four post, drive-on, or even no lift....it doesn't matter! Pro-Cut's fully adjustable trolley allows you to roll up and mount your Pro-Cut lathe with confidence.

**FREE ON-SITE DEMO. GIVE US A CALL.** Still not convinced? Call 1-800-543-6618 to set up a free on-site demo! Get hands on with the Pro-Cut X9 Rotor Matching System with no obligations.
