## NEW PRODUCT: 50-999KIT

The **50-999KIT** allows Pro-Cut users to match machine rotors on medium-duty trucks that have either the 8 on 275mm or 10 on 11.25" bolt pattern with M20 or M22 studs.

**Vehicle examples:**

- Ford F650, F750
- GM 4500/5500 series
- Workhorse Chassis delivery vehicles or motor homes
- Isuzu F series trucks
- Many School buses

**Kit includes:**

- 50-999 Medium Duty high hat adapter
- 50-944 Medium Duty low profile adapter
- 50-1492 Extended and offset Reach Plate
- M22 tapered lug nuts (Qty: 5)
- M20 tapered lug nuts (Qty: 5)
- 25mm thick spacers (Qty: 5)
- 8 mm thick spacer (Qty: 5)

**50-999KIT**

The kit will work with recent 9.2 DRO and A10 Warthog machines with Speed-Lock (50-220) or G2X (50-1200 or 50-1250) cutting heads. We suggest using the new 50-744 truck chip deflector/silencer for best results (50-744 not included).
