

C130TM TOOL CENTER TROLLEY

“I feel like a surgeon... everything I need is right at my fingertips whenever I need it. Every movement and operation is streamlined and simplified. I love having no hassles!” Joe Tech / Main St. Motors of Anytown, USA

PRECISION AT YOUR FINGERTIPS PFM X9 W/ C130 SHOWN

Introducing the ground breaking C130 Tool Center Trolley. Put everything you need for a fast, efficient, and accurate brake job right at your fingertips! Features include incredibly bright work lighting to illuminate your toughest jobs, 3 draws for all your brake service tools, 5" wheels for easy riding, full freedom connection point for fastest compensation times, storage for 6 adapters and an optional 38 piece tool kit! Combine it with our full range of workhorse rotor matching systems with expandable Validated Brake Service upgrades and you're well on your way to tackling any vehicle on any lift!

» **3-BULB LED LIGHTING** Never work in a dark wheel well again! The C130's bright work light (900 lumens!) is perfectly positioned to illuminate your toughest jobs.

» **FASTEST & MOST ACCURATE COMPENSATION** 3D FreeTM trolley arm allows full range of motion for the lathe which means faster compensation times and even more accurate rotor matching.

» **3 DRAWERS OF STORAGE & ALL THE RIGHT TOOLS** Bring all your brake service tools right to the job with 960 cubic inches of built-in tool storage. The optional 38 piece tools-in-foam package has both the basic and specialty tools you need in a well-organized lay-out.

» **EASY RIDING** Oversized 5" wheels roll through, over, or around any impediment with ease.
