

A10 WARTHOG

HEAVY DUTY

“ We do a tremendous amount of brake work, and my technicians liked the first one so well that I had to purchase an additional one just to keep up with the demand. I would highly recommend this investment to any service facility; it will pay for itself in no time at all! ”

-Mike Frazier

Adams Motor Company, Lynchburg, VA

BASE LATHE UNIT / Cross-Platform Compatibility

A10 WARTHOG W/ 8ADP SHOWN

Pro-Cut's A10 WARTHOG utilizes a rugged body casting design which is not only more rigid and stable, but has a heavy duty PTO drive system that provides nearly twice the start up torque of our other machines. A larger spindle, increased bearing separation, and thicker draw bar combine to give smoother cuts on larger vehicles. This lathe is ready to provide reliable service on any vehicle up through many medium duty trucks. A great machine for fleets, municipalities, truck shops, or high volume full line dealers.

WITH PRO-CUT, YOU CAN...

FIT ON EVERY VEHICLE We have the adapters that will connect you to virtually any vehicle on the road today and the power to turn stiff all-wheel drive and truck axles. And our simple set-up is the same from sub compact to heavy duty pick-up truck!

TRY BEFORE YOU BUY Before you invest in *Pro-Cut* you need to see it work in your shop with your techs. Save your toughest brake job and call us in and we'll show you and your staff how to make money with our lathes.

SERVICE ANY VEHICLE ON ANY LIFT IN 7-9 MINUTES. Two post, four post, drive-on... it doesn't matter. *Pro-Cut's* new fixed post trolley allows you to roll up and mount your *Pro-Cut* lathe with confidence.

FREE ON-SITE DEMO. GIVE US A CALL. Still not convinced? Call 1-800-543-6618 to set up a free on-site demo! Get hands on with the *Pro-Cut* Rotor Matching System with no obligations.

STANDARD FEATURES

BENEFIT
